Course Lengths - 5 weeks x 2.5 hours

### COPPER FOIL STAINED GLASS COURSES

Beginners, intermediate and advanced courses in copper foil techniques

Course Lengths - 5 weeks x 2.5 hours

### WORKSHOPS STAINED GLASS LEADED LIGHTS AND COPPER FOIL

These are pay as you go sessions for competent learners who want to work in the workshop using the tools making their own panels and objects

### FREE TASTER COURSE

Gain an overview of the different techniques that can be used in Stained Glass ( 2.5 hours)

## THE LEARNING ENVIRONMENT: BRIXTON BARN STUDIO

A large airy Victorian Barn Workshop with 6 workstations and a comprehensive range of tools for learners to use. Dedicated kitchenette, toilets and parking facilities available.

## TEACHING TEAM

Colin Conroy is a master craftsmen who has been making, repairing and rebuilding stained glass panels for over 40 years in Essex, Surrey and the Isle of Wight. He has worked professionally for builders, architects, churches, schools and private individuals. In 2022 he retired from Conroy Stained Glass and will be the main practical instructor on our stained glass courses.

Christina Conroy is a qualified teacher and curriculum designer. She will be working alongside Colin responsible for course management and design on our stained glass courses.
